PunchOut™ User Tips

How to order Custom TaqMan® Assays using File Builder:

1. Download the File Builder software.
2. Read the ordering or reordering instructions.
3. Submit your sequences. Please note that sequence submission for PunchOut™ users differs from sequence submission in the standard Applied Biosystems Catalog.

Manage Shopping Baskets

You are viewing a catalog customized for your organization. If you cannot locate a product, please [Contact Us](#) to get additional product details.

This page allows you to create new Shopping Baskets and to manage existing Shopping Baskets. To see your Favorites or Promotions/Quotes, please click on the tabs below.

To create a new Shopping Basket, select the Basket Type. If you wish, type a Quote or Promotion Number. Then type a Basket Name, and click Create Basket.

The Manage Shopping Baskets section displays summary information for each of your Shopping Baskets. In this section, you can sort, open, copy, delete, and rename your Shopping Baskets as well as see their expiration dates. Shopping Baskets normally expire after 60 days if not used, and may expire sooner when created with reference to a quote or promotion.

For ordering help please call Order Administration at 111 during our business hours Monday - Friday: 5:30 AM to 5:00 PM Pacific Time or email portal_test_email@appliedbiosystems.com.

PunchOut™ User Tips

How to order Custom TaqMan® Assays using File Builder:

1. Download the File Builder software.
2. Read the ordering or reordering instructions.
3. Submit your sequences. Please note that sequence submission for PunchOut™ users differs from sequence submission in the standard Applied Biosystems Catalog.

University of Iowa Punchout site for Applied Biosystems Manage Baskets – Workspace

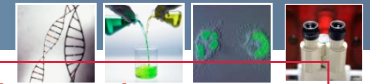

Workspace allows you to save designs for some of the AB configurable products such as Taqman Arrays, SNPLex and Taqman assay search results.

The screenshot shows the Applied Biosystems website's 'Workspace' section. At the top, there's a navigation bar with links: Home, Products, Applications & Technologies, Services, Support, and Learning. Below this is a search bar and a 'Welcome Applied Biosystems.' message. The left sidebar contains a 'Workspace' menu with options: Designs, Saved Lists, SNPLex™, TaqMan® Array Configurator, TaqMan® Express Plate Configurator, and TaqMan® Custom Copy Number Assays. The main content area is titled 'Workspace' and includes a message: 'You are viewing a catalog customized for your organization. If you cannot locate a product, please [Contact Us](#) to get additional product details.' Below this, there are four sections with expandable options: 'Designs >', 'SNPLex™ >', 'TaqMan® Array Configurator >', and 'TaqMan® Express Plate Configurator >'. Each section has a brief description of its functionality. On the right side, there's a 'My Account' dropdown menu with options: My Baskets/Orders, View My Basket, Manage Shopping Baskets, Order History/Reorder, Favorites, Promotions/Quotes, and Workspace. At the bottom right, there's a 'Create Mode' button with a question mark icon.

Quick Order

You are viewing a catalog customized for your organization. If you cannot locate a product, please [Contact Us](#) to get additional product details.

Quickly and easily add products to your shopping basket by entering part numbers and IDs below.

Enter Part Numbers and IDs ?

1. Enter Part Numbers and IDs (example: 4304437, Hs00198914_m1).
Note: For RNA products, you must enter a Part Number *and* an ID, separated by a space (e.g., AM16708 16214).
2. Enter a Quantity. The quantity you enter applies to all part numbers and IDs.
3. Click the **Add to Table** button.

5' Fluorescent Labeled Oligo

You are viewing a catalog customized for your organization. If you cannot locate a product, please [Contact Us](#) to get additional product details.

Ordering Information

Product Description

We offer a portfolio of fluorescent dyes for gene expression studies, 5' nuclease assays, PCR, fragment analysis, and genotyping. When you know the exact sequence of a fluorescent labeled probe or primer, we can synthesize it for you.

Specifications

You can view your contract pricing for products in your Shopping Basket or Favorites.
