The Copier Purchasing Program

Say goodbye to the days of dealing with frustrating copiers and printers. With the Access Systems Copier Purchasing Program, you can leave the troubleshooting to our capable team. Our Copier Purchasing Program is designed to manage all of your printing devices - machines, service, parts and supplies. We're here to keep you covered.

Consolidation Approach

We work within your current print environment to find the most efficient and economical way to right-size your print needs.

Equipment Standardization

Your printing environment will be standardized to one or two copier brands, saving you money on toner and equipment.

Cost Accountability

Each month you will know how much you're spending on printing and supplies through our universal cost-per page and supply cost guarantee.

Program Flexibility

Our program allows flexibility in the number of pages you print and any additional equipment and accessories you may need.

The Access Systems Guarantees

Uptime Guarantee

Access guarantees that equipment will remain operational with a quarterly uptime average of 95% during normal business hours.

Ultimate Guarantee

If we are unable to service equipment according to the manufacturer specifications, we will replace the equipment with equal or greater technology at no charge to the customer.
