BioTek Instruments	LFX	Automated Live Cell Imager	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$59,750	\$53,775.00
BioTek Instruments	LLX	Automated Microscope	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$37,170	\$33,453.00
BioTek Instruments	CYT5V	With imaging.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$58,180	\$52,362.00
BioTek Instruments	CYT5PV	With phase contrast imaging.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$64,835	\$58,351.50
BioTek	CYT5F	With filter optics for top	BioTek Instruments	Refer to Vendor Product	Refer to Vendor	41113037, or	ea	\$33,250	\$29,925.00
BioTek Instruments	CYT5FA	With filter optics for top detection and Laser AlphaScreen.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$39,905	\$35,914.50
BioTek Instruments	CYT5M	With monochromator optics for top/bottom detection.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$48,765	\$43,888.50
BioTek Instruments	CYT5MF	With filter optics for top detection and monochromator optics for top/bottom detection.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$65,390	\$58,851.00
BioTek Instruments	CYT5MFA	With filter optics for top detection, monochromator optics for top/bottom detection and Laser AlphaScreen.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$72,045	\$64,840.50
BioTek Instruments	CYT5FV	With imaging and filter optics for top detection.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$74,805	\$67,324.50
BioTek Instruments	CYT5FAV	With imaging, filter optics for top detection, and Laser AlphaScreen	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$81,460	\$73,314.00
BioTek Instruments	CYT5MV	With imaging and monochromator optics for top/bottom detection.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$90,320	\$81,288.00
BioTek Instruments	CYT5MPV	With imaging, monochromator optics for top/bottom detection, and Phase Contrast Imaging.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$96,975	\$87,277.50
BioTek Instruments	CYT5MFV	With imaging, filter optics for top detection and monochromator optics for top/bottom detection.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$106,945	\$96,250.50
BioTek Instruments	CYT5MFAV	With imaging, filter optics for top detection, monochromator optics for top/bottom detection, and Laser AlphaScreen.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$113,600	\$102,240.00
BioTek Instruments	CYT1V	With Imaging	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$37,275	\$33,547.50
BioTek Instruments	CYT1FA	With Plate Reading	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$37,275	\$33,547.50
BioTek Instruments	CYT1FAV	With Imaging and plate reading	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$53,250	\$47,925.00
BioTek Instruments	NEO2	Base model with dual top PMT top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$58,730	\$52,857.00
BioTek Instruments	NEO2M	With dual top PMT, top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$83,110	\$74,799.00
BioTek Instruments	NEO2ALPHA	With dual top PMT, top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance, Alpha laser.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$69,815	\$62,833.50

BioTek Instruments	NEO2MALPHA	With dual top PMT, top & bottom monochromator fluorescence, top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance, Alpha laser.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$94,195	\$84,775.50
BioTek Instruments	NEO2B	With dual top PMT, top & bottom filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$75,355	\$67,819.50
BioTek Instruments	NEO2MB	With dual top PMT, top & bottom monochromator fluorescence, top & bottom filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$99,735	\$89,761.50
BioTek Instruments	NEO2ALPHAB	With dual top PMT, top & bottom monochromator fluorescence, top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance, Alpha laser.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$86,440	\$77,796.00
BioTek Instruments	NEO2MALPHAB	With dual top PMT, top & bottom monochromator fluorescence, top & bottom filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance, Alpha laser.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$110,820	\$99,738.00
BioTek Instruments	NEO2S	With single top PMT, top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$39,890	\$35,901.00
BioTek Instruments	NEO2SM	With single top PMT, top & bottom monochromator fluorescence, top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$64,270	\$57,843.00
BioTek Instruments	NEO2SALPHA	With single top PMT, top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance, Alpha laser	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$50,975	\$45,887.50

BioTek Instruments	NEO2SMALPHA	With single top PMT, top & bottom monochromator fluorescence, top filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance, Alpha laser.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$75,355	\$67,819.50
BioTek Instruments	NEO2SB	With single top PMT, top & bottom filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$56,515	\$50,863.50
BioTek Instruments	NEO2SMB	With single top PMT, top & bottom monochromator fluorescence, top & bottom filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$80,895	\$72,805.50
BioTek Instruments	NEO2SALPHAB	With single top PMT, top & bottom filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance, Alpha laser.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$67,600	\$60,840.00
BioTek Instruments	NEO2SMALPHAB	With single top PMT, top & bottom monochromator fluorescence, top & bottom filter fluorescence, fluorescence polarization, time-resolved fluorescence, TR-FRET, luminescence, filter luminescence, monochromator UV-Vis absorbance, Alpha laser.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$91,980	\$82,782.00
BioTek Instruments	H1F	With filter-based top fluorescence intensity, fluorescence polarization, TRF and TR-FRET, luminescence.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$24,910	\$22,419.00
BioTek Instruments	H1FG	With filter-based top fluorescence intensity, fluorescence polarization, TRF and TR-FRET, luminescence. Gas Controller-Ready, Gas Controller module sold separately.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$25,500	\$22,950.00
BioTek Instruments	H1M	With monochromator-based fluorescence intensity (top/bottom), UV-Vis absorbance, luminescence.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$37,135	\$33,421.50
BioTek Instruments	H1MF	With monochromator-based fluorescence intensity (top/bottom), UV-Vis absorbance, luminescence. Filter-based top fluorescence intensity, fluorescence polarization, TRF and TR-FRET, luminescence.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$49,765	\$44,788.50

BioTek Instruments	H1MFG	With monochromator-based fluorescence intensity (top/bottom), UV-Vis absorbance, luminescence. Filter-based top fluorescence intensity, fluorescence polarization, TRF and TR-FRET, luminescence. Gas Controller-Ready, Gas Controller module sold separately.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$50,355	\$45,319.50
BioTek Instruments	H1MG	With monochromator-based fluorescence intensity (top/bottom), UV-Vis absorbance, luminescence. Gas Controller-Ready, Gas Controller module sold separately.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$37,725	\$33,952.50
BioTek Instruments	S1L	Synergy HTX with luminescence, incubation to 50 °C, linear and orbital shaking. Includes Gen5 software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$15,780	\$14,202.00
BioTek Instruments	S1A	Synergy HTX with UV-Vis absorbance, incubation to 50 °C and linear and orbital shaking. Includes Gen5 software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$19,170	\$17,253.00
BioTek Instruments	S1LA	Synergy HTX with UV-Vis absorbance, luminescence, incubation to 50°C, linear and orbital shaking. Includes Gen5 software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$21,440	\$19,296.00
BioTek Instruments	S1LF	Synergy HTX with luminescence and top/bottom fluorescence, incubation to 50°C and linear and orbital shaking. Includes two filter sets for fluorescence intensity, by default: 360/460 and 485/528. Includes Gen5 software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$19,180	\$17,262.00
BioTek Instruments	S1LFA	Synergy HTX with luminescence, top/bottom fluorescence and UV-Vis absorbance, incubation to 50 °C and linear and orbital shaking. Includes two filter sets for fluorescence intensity, by default: 360/460 and 485/528. Includes Gen5 software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$24,840	\$22,356.00
BioTek Instruments	S1LFTA	Synergy HTX with luminescence, top/bottom fluorescence, time-resolved fluorescence and UV-Vis absorbance, incubation to 50 °C and linear and orbital shaking. Includes two filter sets for fluorescence intensity, by default: 360/460 and 485/528. Includes Gen5 software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$27,110	\$24,399.00
BioTek Instruments	SLXA	Synergy LX with monochromator-based absorbance from 200 nm to 999 nm; linear, orbital and double-orbital shaking. Includes Gen5 standard software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$12,780	\$11,502.00
BioTek Instruments	SLXF	Synergy LX with filter-based top fluorescence and luminescence; linear, orbital and double-orbital shaking. Includes standard Gen5 software and one LUM cube. Other filter cubes required for fluorescence measurements, are sold separately.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$12,780	\$11,502.00

BioTek Instruments	SLXATS	Synergy LX with monochromator-absorbance from 200 nm to 999 nm; linear, orbital and double-orbital shaking. Includes touchscreen interface, onboard software and Gen5 standard software for pc control/data analysis.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$14,380	\$12,942.00
BioTek Instruments	SLXFTS	Synergy LX with filter-based top fluorescence and luminescence; linear, orbital and double-orbital shaking. Includes touchscreen interface, onboard software and standard Gen5 software for pc control/data analysis and one LUM cube. Other filter cubes required for fluorescence measurements are sold separately.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$14,380	\$12,942.00
BioTek Instruments	SLXFA	Synergy LX with monochromator-based absorbance from 200 nm to 999 nm, filter-based top fluorescence and luminescence; linear, orbital and double-orbital shaking. Includes standard Gen5 software and one LUM cube. Other filter cubes required for fluorescence measurements are sold separately.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$15,975	\$14,377.50
BioTek Instruments	SLXFATS	Synergy LX with monochromator-based absorbance from 200 nm to 999 nm, filter-based top fluorescence and luminescence; linear, orbital and double-orbital shaking. Includes touchscreen interface, onboard software and standard Gen5 software for pc control/data analysis and one LUM cube. Other filter cubes required for fluorescence measurements are sold separately.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$17,575	\$15,817.50
BioTek Instruments	EPOCH	6- to 384-well plates, 200 - 999 nm wavelength range.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$9,535	\$8,581.50
BioTek Instruments	EPOCHR	6- to 384-well plates, 200 - 999 nm wavelength range. Compatible with BioStack and 3rd party automation.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$10,600	\$9,540.00
BioTek Instruments	EPOCH2	200-999 nm, incubation to 65 °C, shaking. Includes Gen5 software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$13,040	\$11,736.00
BioTek Instruments	EPOCH2C	200-999 nm, incubation to 65 °C, shaking, cuvette port. Includes Gen5 software.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$14,130	\$12,717.00
BioTek Instruments	EPOCH2T	200-999 nm, incubation to 65 °C, shaking, touchscreen with Gen5 TS software installed and included on USB.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$15,215	\$13,693.50
BioTek Instruments	EPOCH2TC	200-999 nm, incubation to 65 °C, shaking, touchscreen with Gen5 TS software installed and included on USB, cuvette port.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$16,305	\$14,674.50
BioTek Instruments	RPRWI	PowerWaveHT: 96- and 384-well plates, 200 - 999 nm wavelength range. Very fast reading speed. Incubation to 50 °C and shaking.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$23,625	\$21,262.50

BioTek Instruments	ELx808	With 405, 450, 490 and 630 filters standard, shaking capability. Includes Gen5RC.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$7,065	\$6,358.50
BioTek Instruments	ELx808IU	With 340, 405, 450, 490 and 630 nm filters standard. Includes incubation to 50 °C and shaking. Includes Gen5RC.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$8,840	\$7,956.00
BioTek Instruments	800TS	800 TS base configuration for 6 to 96-well plates and 400 to 750 nm detection, shaking.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$6,660	\$5,994.00
BioTek Instruments	800TSI	6- to 96-well plates, 400 to 750 nm detection, temperature control to 50 °C and shaking	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$8,475	\$7,627.50
BioTek Instruments	800TSUV	6- to 96-well plates, 340 to 750 nm detection, and shaking	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$7,020	\$6,318.00
BioTek Instruments	800TSUVI	6- to 96-well plates, 340 to 750 nm detection, temperature control to 50 °C and shaking	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$8,835	\$7,951.50
BioTek Instruments	800TSNB	6- to 384-well plates and 400 to 750 nm detection	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41113037, or 41151611 (if IVD)	ea	\$7,650	\$6,885.00
BioTek Instruments	405TSHT	384-well washing. Includes 192-tube Dual-Action manifold and built-in ultrasonic cleaner.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$25,120	\$22,608.00
BioTek Instruments	405TSHTV	384-well washing. Includes 192-tube Dual-Action manifold and built-in ultrasonic cleaner. Automated internal 4-buffer switching module.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$26,765	\$24,088.00
BioTek Instruments	405TSU	96-/384-well washing. Includes 96-tube Dual-Action manifold..	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$18,720	\$16,848.00
BioTek Instruments	405TSUV	96-/384-well washing. Includes 96-tube Dual-Action manifold.. Automated internal 4-buffer switching module.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$20,365	\$18,328.50
BioTek Instruments	405TSUS	96-/384-well washing. Includes 96-tube Dual-Action manifold. Ultrasonic Advantage Module.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$21,220	\$19,098.00
BioTek Instruments	405TSUSQ	96-/384-well washing. Includes 96-tube Dual-Action manifold. Ultrasonic Advantage Module, Verify Module.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$24,765	\$22,288.50
BioTek Instruments	405TSUVS	96-/384-well washing. Includes 96-tube Dual-Action manifold. Ultrasonic Advantage Module. Automated internal 4-buffer switching module.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$22,865	\$20,578.50
BioTek Instruments	405TSUVSQ	96-/384-well washing. Includes 96-tube Dual-Action manifold. Ultrasonic Advantage Module, Verify Module. Automated Internal 4-Buffer Switching.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$26,410	\$23,769.00
BioTek Instruments	405TSR	96-well washing	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$11,105	\$9,994.50
BioTek Instruments	405TSRV	96-well washing Automated internal 4-buffer switching module.	BioTek Instruments	Refer to Vendor Product Number	Refer to Vendor Product Desc.	41103207, or 41151624 (if IVD)	ea	\$12,750	\$11,475.00
