

## To Our Valued Clients-

We are pleased to announce that as of December 1<sup>st</sup>, Tallgrass Business Resources is now a part of the Storey Kenworthy family of companies! Be assured that Tallgrass' customers will continue to receive the same quality solutions, products and service they have known for almost a century.

In 1923, George Frohwein and businessman James Burns founded Frohwein & Burns in downtown Iowa City. Larry Parsons (George's son-in-law) joined the firm in 1950, with Larry's sons Dave and Doug following in 1975 and 1980, respectively. From George Frohwein to Max Parsons (Doug's son, and CFO), Tallgrass Business Resources has developed lasting relationships with customers throughout Eastern Iowa. The Frohwein name was changed to Tallgrass in 2011 when it merged with Pioneer Workspace Solutions in Cedar Rapids – one of six dealerships acquired over the last 40 years. Today, our customer commitment continues as we move ahead and place Tallgrass Business Resources in the capable hands of another longstanding family business, Storey Kenworthy.

For over 85 years and across four generations, Storey Kenworthy has worked to provide Iowa companies with all their furniture and office needs. Headquartered in Des Moines and serving customers in Cedar Falls, Cedar Rapids, Ames and Waterloo, Storey Kenworthy's diversified people, products and services continue to surpass the expectations of its customers. The Workspace brand will continue to be the contract furniture division aligned with industry-leading Steelcase. The office products division will continue to provide quality products and services under the Storey Kenworthy brand.

At Tallgrass we are excited about this next phase. Our locations in Coralville, Cedar Rapids and Davenport will remain, our customers will receive the same great customer service, and the combined team of Tallgrass Business Resources, Workspace and Storey Kenworthy will strengthen our commitment to providing the ultimate customer experience. We would like to sincerely thank our customers, employees, vendors and friends who have been with us on this journey. We look forward to great things ahead!
